

BIG CROWDS GO TO HEAR BURSUM

Campaign in San Miguel Stirs Enthusiasm of the People.

El Paso, N. M., Nov. 2.—Enthusiasm was shown by the people in San Miguel in receiving Halm O. Bursum, Republican candidate for governor, and Secundino Romero, who was a candidate for the nomination for governor, met the party at the hotel, on the edge of the county, with a delegation in two automobiles.

Big meetings were held in the afternoon at El Paso and at night at San Jose and Laqueza. Romero speaking at all.

There was an orchestra at each of the meetings and after the custom, the crowd met the members of the party and with the orchestra in the lead, marched with them to the place of meeting.

Bursum's speeches in this county all have been in Spanish and have had to do with roads and schools, with common sense on national issues.

The Republican organization of San Miguel county is alive to the importance of this election. The party are in the county and in each one the workers are busy. Meetings were held at seven different precincts in addition to the one addressed by Bursum and Romero.

ASSERTS WILSON WILL NOT PROTECT AMERICAN CITIZENS

Cleveland, Ohio, Dec. 2.—Col. Theodore Roosevelt, in a speech here Thursday night, attacked President Wilson's lack of protection for American citizens in foreign countries and denounced Secretary of War Baker for his reported comparison of American revolutionaries with Mexican bandits.

He added:

"I want to register my protest against Mr. Wilson's men of the militia and the diplomatic service for partisan advantage. If the president says we are in ignorance of our foreign relations, he is bound to enlighten us. If he doesn't tell us now, there must be some reason for it."

"He says: 'We are not afraid to fight for something as big as an American ideal.' What does that mean? Does it mean he wouldn't fight for a murdered baby? There were 100 babies on board the Lusitania. Is there anything bigger than American ideals? He sent Boyd and Adair into Mexico and left them. He wouldn't back them up."

"What does Mr. Wilson mean by being bigger than American ideals? What can be bigger than American ideals? Women born under the American flag or naturalized under it?"

POSTPONE DEMOCRATIC MEET.

The Democratic rally which was to have been held Friday night at Democratic headquarters, 422 San Antonio street, has been postponed until Monday night, according to Eugene Harris, executive chairman.

Catches Mexican Eagle; Presents Bird To City

Captured after it had flown against an El Paso and Southwest train at Carlsbad, N. M., and had been stunned by the impact, a large Mexican eagle Friday morning was presented to the city by George Price, conductor of the train with which the bird collided. The eagle, which was on display during the morning at the city hall, will be kept at the zoo at Washington park, according to alderman J. W. Fisher.

OFFICIALS TRY OUT TRUCK

For the purpose of determining the efficiency of the light motor truck, an addition to the central fire department, a Republic truck was tried out Friday morning before fire chief John W. Ray and alderman W. J. Jolly, fire and police commissioner. The truck, if accepted, will be used to draw the "pumper" from the city hall, it is thought that with the addition of the truck, more speed can be used in going to fires with the heavy pumper, which heretofore has been drawn with two horses. Alderman Jolly did not announce whether the truck would be accepted or not.

DEMOCRATS WILL HOLD BIG RALLY

Jones and de Baca to Address Political Meeting in Cruces Tonight.

Las Cruces, N. M., Nov. 2.—Andrew A. Jones, candidate for senator, and E. C. de Baca, candidate for governor on the Democratic ticket, will speak in the armory here tonight. Music will be furnished by a local band. A large attendance is expected.

MASSACHUSETTS COMMISSION IS HERE TO TAKE SOLDIER VOTE

The first election commission to arrive from any state to take charge of the voting of soldiers here, was the Massachusetts commission, which arrived here yesterday afternoon, just as the Ninth Massachusetts Infantry was preparing to leave for home.

It is understood that the Pennsylvania commission left Harrisburg Wednesday afternoon for El Paso to take charge of the election of the troops from that state.

The Massachusetts commission will meet today at Hotel Paso del Norte to arrange for the conduct of the election. The ballots and the other election matter has been at the hotel for the last few days.

Following is a complete list of the commission: Serat, at Arms, Thomas F. Pedrick, Massachusetts legislator, and Arthur B. Braxton, of Fall River, is the clerk of the commission.

GAMBLE WILL ADDRESS G. O. P. VOTERS TONIGHT

H. R. Gamble, candidate for district attorney on the county Republican ticket, will address members of the Hughes-Parkbank club at a meeting tonight in the headquarters of the organization on the second floor of the Cokes building. Fred J. Knollenberg will also make an address on the vital issues of the campaign. W. H. Case, secretary of the club, will tell the voters of an interview which he had with Clifford Pinchot, who passed through El Paso Thursday en route back to his home in Pennsylvania.

A Democratic rally will be held in Socorro about 45 miles down the valley, tonight, while San Elizario will hold a Democratic mass meeting Sunday night.

DEMOCRATS TO CLOSE CAMPAIGN WITH AN ALBUQUERQUE MEETING

Santa Fe, N. M., Nov. 2.—A big rally in the national guard armory at Albuquerque tomorrow night, at which speeches will be made by Lieut. Gov. E. C. de Baca, W. B. Walton, Antonio Lucero and Juan B. Larranaga, will practically close the campaign for state officers for the Democrats. The armory is the largest hall in New Mexico and it is believed that a record breaking crowd will be on hand to see that the candidates get a good send-off.

TULLY WINNING UP CAMPAIGN IN BIG 15TH N. DISTRICT

J. V. Tully, of Glenwood, N. M., mayor of that town and nominee for senator in the 15th senatorial district of New Mexico, is in El Paso on his way home from a canvass of his district, comprising the counties of Torrance, Otero, Lincoln and Socorro.

Socorro county has put a strong Republican ticket in the field and the Torrance county Republican candidates are also strong, said Mr. Tully.

Mr. Tully has already worked over a dozen of his district, coming from Lincoln county and came around by El Paso to see the Socorro county voters. From there he went to Mountain Lake and Willard, in Torrance county, where he will stay about 25,000 square miles in the 15th district, the largest in New Mexico.

VIRGINIA TROOPS BEGIN CASTING THEIR BALLOTS

Brownsville, Texas, Nov. 2.—Virginia troops are already voting in the national election. Their ballots, which are being certified by local postmasters, are being mailed to Richmond, Va. The New York and Iowa election commissions have arrived here.

HUGHES REPHILDS HIS CRITICISMS

Says American People Are Justified in Discussing Any Administration.

Albany, N. Y., Nov. 2.—Charles E. Hughes, Republican candidate for the presidency, delivered five speeches Thursday, at Quebec, Amsterdam, Schenectady, Troy and here. In the last speech he defined political leadership and denied that a vote for him meant a vote for war.

"Our opponents do not seem to like the idea of criticism with respect to international policy," Mr. Hughes said in his Schenectady speech. "But I beg to remind them that an American president is elected for a term of four years and under our institutions, at the conclusion of that term, the American people express their minds."

"When a matter is so important as the maintenance of American rights, it is highly necessary that an American opinion should be expressed. And I have no apology to make in standing before you and in saying that if I am elected president I propose that the American flag shall not be only a symbol of courtesy, a symbol of justice, but it shall be the symbol of firmness and consistency in maintaining our known rights on land and sea throughout the world."

Not a War Policy.

"That is not a policy that leads to war. There never has been a time perhaps in our history when it was easier to keep the American nation out of war than during the past few years when every nation engaged in the strife abroad desired our friendship and would not, by reason of that attraction of our just rights, forfeit that friendship."

"I am amazed to have anyone suppose that we can prosper in the extension of American trade throughout the world if our flag is only an invitation to come home. Men who before election are described as having the best genius in the world and as possessing a duty to humanity should not be in danger after election, of being called servants of their own private interests who take their lives in their own hands for their personal ends."

Refers to Mexican Policy.

Mr. Hughes assailed the administration for its Mexican policy. He declared the question of recognizing Huerta was "the most serious issue of the very cruel and unwarrantable suggestion that an approval of my candidacy is an approval of war."

"I mean to emphasize that the policy of the administration has been, in my judgment, not a policy of peace, but rather a policy involving petty and unjustifiable warfare, and I propose that we have a policy which shall have as its cornerstone, first, that we shall not have a middle of middle, as Disraeli once said, but that we shall have protection of American lives and property and the prosecution of a consistent policy which cannot fail to evoke respect while it safeguards the rights of American citizens."

High Cost of Living.

Speaking at Hudson today, Mr. Hughes referred to the Democratic promise in 1912 to reduce the high cost of living. Of the high cost of living, he said:

"That robust companion, however, has become more and more robust and seems to thrive on a Democratic administration. And it is mounting higher and higher and taller and taller, and when we consider this promise in relation to present promises, we wonder whether they are going to do any better with respect to the future than they did in these recent years with respect to this highly important matter."

Reduced Chances of Making Living.

"While they did not reduce the cost of living, they were eminently successful in reducing the chances of making a living. They did not promise that; they promised quite the contrary. They had a wonderful program; they were going to reduce the cost of living; they were going to provide for the export of the government through their tariff system; they were going to increase the opportunities for business and they were going to have American enterprise, as they said, take on a new size and speed and have opportunities for American labor multiplied."

Had to Have War Tariff.

"Well, they put their principle in force. They had not had a chance to do it for a great many years. They proceeded to do it with very extraordinary results. In the first place they had a tariff that did not produce revenue. We had a great falling off in revenue through a tariff for revenue, while we had a great increase of imports, and so in time of peace which now they emphasize, forgetting the little wars we have had in Mexico, they had to pass what is called a war revenue bill to take care of the deficit which was the result of their fiscal policy."

Speed, But Much Reduced.

"Then they said they were going to have American enterprise take on a new size and speed and a much slower speed. The opportunities of business were greatly reduced, and we had a very extraordinary condition in this country."

GOV. McDONALD GREETED BY BIG CROWDS IN OTERO COUNTY

(Continued from previous page.)

telling him that if they were he ought to resign. This road board member has not replied to the governor's letter.

From Alamogordo governor McDonald went to La Luz, where a good meeting was held, then on to Tularosa, where a meeting was held in the school house. At Tularosa a talk was made on national and state issues to several hundred people. Immediately after the speaking, a dance was given.

Governor McDonald spent the night in Tularosa, going on to Carlsbad. He will spend the time between there and election day in Lincoln, his home county.

Washington, D. C., Nov. 2.—Capt. Alfred W. Bernstadt, U. S. A., recently on duty as an instructor at the army service school, has been assigned as professor of military science at Harvard university.

BALTIMORE AND OHIO CO. ORDERS 2000 BOX CARS

Baltimore, Md., Nov. 2.—The Baltimore and Ohio railway company has placed an order for 2000 box cars, supplementing a contract for 1000 box cars placed a short time ago. It was stated at the company's headquarters today.

WHAT THEN?

"I am in favor of peace at any price," "Yes," replied the postmaster, "but suppose you wake up one morning and find you haven't the price?"
